1 MISMO® Operations and Administration

The Mortgage Industry Standards Maintenance Organization, Inc. (MISMO®) creates standards for the residential and commercial real estate finance industry (“MISMO Standards”). In addition to MISMO Standards, the organization creates other products, tools and resources (“MISMO Collateral”) to support the implementation of MISMO Standards. Unless otherwise noted, the use of the term MISMO Products will be used to collectively refer to MISMO Standards and MISMO Collateral.

This document has been adopted by the MISMO Board of Directors (“Board”) to govern the activities of the organization. The Policies and Procedures (P&Ps) defined in this document address all activities of the organization. The detailed procedures for the development of the MISMO Products are defined in separate documents.

These P&Ps reference the Bylaws, Antitrust Policy the Intellectual Property Rights (IPR) Policy, the Development Process Documents¹, and certain other policies and procedures adopted by the:

- Residential and Commercial Standards Governance Committees,
- Strategic Planning Committee,
- Education Committee, and,
- Membership and Revenue Committee,

and approved by the Board. These P&Ps are intended to be consistent with MISMO’s Bylaws, Antitrust Policy, and IPR Policy. In the case of a conflict with any of these documents, the Bylaws, Antitrust Policy, and IPR Policy, as applicable, will prevail.

Capitalized terms not defined herein but used in these P&Ps are defined in the Glossary in Appendix A. Appendix B provides a List of Abbreviations and Acronyms. Section references within the text are to these P&Ps, unless otherwise identified.

These standards and collateral include but are not limited to standardized definitions, processes and forms relating directly or indirectly to the transfer of data relevant to real estate finance transactions.

Member organizations supporting MISMO’s efforts include but are not limited to mortgage bankers, lenders, servicers, mortgage insurers, vendors, service providers, government sponsored-enterprises, investors, and federal agencies. MISMO’s Board, informed by the

Usage of MISMO Products published on or after January 1, 2018 are subject to the terms and conditions of one of two usage licenses as follows:

- 2018 End-User License – Applies to all MISMO Products issued on or after January 1, 2018. The 2018 End-User License is appropriate for organizations that download MISMO Products or develop technology that incorporates MISMO Products released after December 31, 2017, where the MISMO Products are used for internal company use when the organization does not make the MISMO products available to customers or external partners.

- 2018 Distributor License – Applies to all MISMO Products issued on or after January 1, 2018. The Distributor License is appropriate for organizations that develop technology that incorporates MISMO Products and makes that technology available to customers or external partners.

The type of license an organization is required to have and the associated license fee, if any, depend on when the MISMO Product (standard or collateral) was released and how the organization uses and shares MISMO Products. Organizations that obtain a 2018 Distributor License will also have 2018 End-User License rights to MISMO Products. The licenses are included as appendices of the MISMO Intellectual Property Rights (IPR) Policy and can be
found on mismo.org. For additional information please see the MISMO IPR Policy version 2.0 published November 16, 2017.

Organizations that have a 2018 Distributor License, will need to make a reasonable effort to encourage end-users to register as MISMO Product users and use appropriate language that states that their technology or product uses MISMO Products.

Organizations that have a 2018 End-User License, will need to acknowledge to users of their technology that their products use MISMO Products. This requirement is unchanged from the same requirement associated with the 2004 End-User License.

In the event that Version 3.5 of the MISMO Reference Model is released on or after January 1, 2018 it will be grandfathered in and subject to the 2004 End-User License.

1.4.1.1 MISMO Product Table
As outlined in Version 2.0 of the IPR, each published MISMO Product will be assigned a product type and classified as MISMO Standard or MISMO Collateral. MISMO Product categories are documented in the MISMO Product Category Table. The MISMO Product Category Table is available in Appendix C of this document.

As new products categories are identified by the committees/work groups, Strategic Planning Committee, with input from Membership and Revenue Committee and the Standards Governance Committees, will provide recommendations to the MISMO Board of Directors as to whether a product should be categorized as MISMO Standard or MISMO Collateral.

1.4.1.2 License Fees
In some instances a fee may be required to access or use a MISMO Product. The Membership and Revenue Committee (MRC), in conjunction with the Strategic Planning Committee (SPC) and the Board of Directors will determine fees associated with each License based on the users’ MISMO membership status and the usage scenario for the MISMO Products.

As new product categories are approved, MRC will determine if the product falls within an existing pricing classification and define new charging classifications as needed. With input and support from SPC, MRC will provide a final recommendation to the MISMO Officers for review and approval. Upon approval by the MISMO Officers, the recommendation will be reviewed by the Board of Directors for final approval. Once approved they will be added to the table.

1.4.1.3 License Types and Corresponding Terms
Annually, MISMO Staff will review the MISMO Product usage scenarios. MRC will review the scenarios for completeness and with input from SPC and the Standards GCs, determine any required refinements.
MRC will review each usage scenario and its associated License Type. In addition, MRC will develop recommendations for Member and Non-Member charges for each type of license and submit an updated MISMO Standards License Types to the Board of Directors for review and approval.

See Appendix D for MISMO License Requirements Scenarios Table for details of the license requirements and associated fees as of the date these P&Ps were published.

1.4.1.4 License Fee Waivers
A license fee waiver will be available for organizations that are able to demonstrate that they would experience financial hardship by paying a license fee for access to or usage of the MISMO Standards. These organizations will be required to submit a license fee waiver request form. Generally speaking, license fee waivers will be available for:
- Lenders who originate less than $500 million or fewer than 1,000 loans within a calendar year, or
- Vendors with 10 or fewer employees will be granted a license fee waiver.

It is important to note that these organizations will still be required to have a license to use the MISMO Products. The waiver is only a waiver of payment of the license fee. It is not a waiver of the requirement to have a valid license.

Organizations accessing MISMO Products via third-party tools (e.g. lenders using an LOS for FHA reporting) do not require a license. The third-party vendor must have a 2018 Distributor License if their product uses MISMO Products published on or after January 1, 2018.

1.4.1.5 License Term
Licenses are valid from the date of issuance to the end of the calendar year and must be renewed annually.

Upon termination of MISMO membership, MRC will review the status of any valid licenses and to contact the organization to determine whether it continues to use MISMO Products and if so, take appropriate action to assess and collect applicable fees.

1.4.1.6 License Registry
A Registry of 2018 Distributor License Holders in good standing will be available on the MISMO.org website. The Registry can be used by lenders and others to validate that their vendors and or business partners have a license in good standing to use MISMO Products if using MISMO Products issued on or after January 1, 2018.

1.5.2 Related Entities as Members

1.5.2.1 Related Entity Defined
Organizations are “Related Entities” if one directly or indirectly Controls or is controlled by the other, or one is under direct or indirect common Control with the other. Related Entities may have a separate entity name or branding and may be in a different core business from the controlling organization.

Each Related Entity may be a MISMO Member. Employees of Related Entities may serve in any leadership position as defined in and subject to the restrictions in these P&Ps.

1.5.2.3 Rules Governing Related Entities Who Are Members
Related Entities are subject to the same rules as all other Members as defined in and subject to the restrictions of these P&Ps with the following exception:

1. Related Entities may only appoint a single full-time employee to act as a Voting Representative (Sec. 1.5.3).
2. It is the responsibility of the Related Entities to determine which Related Entity will hold that voting privilege.
3. If the Related Entity chooses to also appoint an alternate, that person must be an employee of the same Related Entity as the Voting Representative.

1.5.3 Member Representatives

1.5.3.1 Member Voting Representative
Each MISMO Member must appoint an employee to act as its Voting Representative on MISMO matters. MISMO Members are encouraged to designate one Alternate to act in the Voting Representative’s absence. The MISMO Member must submit the names of the Voting Representative and Alternate as part of the membership application. MISMO Members must notify MISMO in writing of changes to these appointments via e-mail to the MISMO Manager (info@mismo.org). MISMO sends all MISMO Member communications including official ballots to the Voting Representative and Alternate.

1.5.3.2 Member Billing Representative
MISMO Members may appoint a Billing Representative if different from the Voting Representative or Voting Alternate. The MISMO Member must submit the names of the Billing Representative to MISMO. MISMO Members must notify MISMO in writing of changes to these appointments via e-mail to the MISMO Manager (info@mismo.org).

1.5.4 Member Leadership Positions
Leadership roles in MISMO are held by individuals and are generally limited to employees of Members. The Board may approve exceptions to this policy on a case-by-case basis. Exceptions must be limited to unique situations where an
individual has specialized knowledge or expertise necessary to further MISMO’s goals.

If an individual holds a leadership position(s) in MISMO and that individual’s employment with a Member company ends, continuation of that leadership position is subject to the following:

1. If the individual takes employment with another MISMO Member, the individual may retain that leadership position provided it is in accordance with rules set forth in this document.

2. If the individual takes employment with a Non-Member, and if that new employer becomes a MISMO Member within 60 days, the individual may retain their leadership position.

3. If the individual becomes self-employed, is eligible for and becomes an Individual Member within 60 days, the individual may retain their leadership position.

4. If the individual cannot fulfill any of the above conditions, he or she must resign the leadership position.

5. Vacated leadership positions will be filled as required by the applicable procedures.

6. A MISMO Member company may only have one voting representative serve on an individual committee at any point in time.

A MISMO Member that is acquired by or merged with a Non-Member may:

1. Request that its membership be transferred to the Non-Member organization, or

3. Retain their membership and have the Non-Member company continue as a Non-Member.

1.5.5.2 Merger or Acquisition of MISMO Members

If any merger or acquisition involves two existing MISMO Members, the MISMO Members may both continue to be MISMO Members and are considered to be Related Entities. (Sec. 1.5.2)
1.5.6 Membership Terminations

A MISMO Member may have its rights and obligations as established in these P&Ps and under the IPR Policy terminated by action of withdrawal, membership revocation, or Removal for Cause. Such actions do not relieve the organization from unfulfilled financial obligations to MISMO.

Upon termination, the organization will:
1. Lose all member privileges,
2. Forfeit any positions held by its employees which require MISMO Member status; employees of a terminating MISMO Member may still participate to the same extent and under the same conditions as can any Non-Member and
3. Have its name removed from Members Listings in various MISMO communication and marketing materials, such as the MISMO Web site.

1.5.6.1 Member Withdrawal

A MISMO Member can withdraw its membership in MISMO at any time by providing written notice to MISMO. Withdrawal will be effective on the date that MISMO receives the notice, unless the notice specifies a later date.

A revoked MISMO Member may submit to MISMO a written request to reinstate its membership. Reinstatement does not entitle the Member to vote on any matters considered during the period while its membership was revoked.

1.5.8 Removal for Cause

The Board can remove a Member from MISMO for “Cause” as defined in the MISMO Bylaws.\(^8\)

1.6 MISMO-wide Voting

MISMO periodically conducts organization-wide voting. At least one election takes place near the end of each calendar year for GC members (Sec. 2.7). In addition, any MIMSO Member Voting Representative may petition the appropriate GC in writing to require a WG to hold an electronic vote or ballot of all Members to decide a final action as described in the Development Process Document. For voting MISMO-wide, the following policies apply:

\(^7\) MISMO Bylaws, Art. IV, Sec. 2.
\(^8\) MISMO Bylaws, Art. IV, Sec. 2.

2 MISMO Governance Committees

2.1 GC Overview

Because the business operations of entities in the Residential Mortgage Industry Category are significantly different from those in the Commercial Mortgage Industry Category, the standards development efforts for each are guided by separate Governance Committees (GCs). The committees are known as the Residential Standards Governance Committee (RSGC) and the Commercial Standards Governance Committee (CSGC).

In the future, there may be a need for the Board to establish additional governance committees to develop standards, provide compliance and oversight, and manage releases for different types of standards and collateral. Should this occur, committee roles and responsibilities will be documented as appropriate.

The Bylaws establish the powers of the GCs. Each GC must also comply with the policies set forth in this document and the appropriate Development Process Document as well as the Antitrust and IPR Policies. Where possible, the GCs will maintain consistent processes and procedures. However, when necessary, they may establish processes and procedures that serve the specific needs of each constituency.

The Residential Standards Governance Committee and the Commercial Standards Governance Committee work in concert with the MISMO Officers and the MISMO Manager and other MISMO committees and report to the MISMO Board of Directors.

2.2 GC Responsibilities

Supported by the MISMO Manager, the GCs administer and oversee MISMO activities specific to MISMO Products. These activities include designing the process for developing standards and collateral, executing the standard setting process; providing oversight of activities to assess compliance with applicable policies and procedures; and managing the schedule of releases. Additional information regarding these activities is noted below. The GCs must establish processes appropriate for the efficient operation of their Work Groups (WGs) and Communities of Practice (COPs) and product development efforts.

2.2.1 Process and Development Management

The GCs must maintain the integrity of MISMO Products and the processes to develop MISMO Products. To that end, the GCs are responsible for:

2.2.1.1 Development Process Document

The GCs must update and maintain the Development Process Document (DPD) that guides the initiation, development, and tracking of all new MISMO Products. MISMO Products may vary by industry sector (e.g., Residential or Commercial) or by product class (e.g. data exchange, forms, etc.) It is permissible for each

---

9 MISMO Bylaws, Art. VI
GC to develop and maintain a DPD specific to its area(s) of focus. The DPD is subject to Board approval.

2.2.2 Strategic and Tactical Planning for MISMO Product Development

The GCs provide advice to the MISMO Manager and Officers and the Strategic Planning Committee for setting objectives and priorities specific to development of MISMO Products that both align with and influence the strategic goals of the organization. The strategic objectives adopted by the Board will guide the activities of the WGs.

2.2.3 Work Group and Community of Practice Oversight

The GCs oversee the activities of the WGs and Communities of Practice (COPs). Work Group and COP existence, suspension, or dissolution is subject to GC approval and oversight. The GC reserves the right to intercede in activities of a WG/COP to ensure its activities are meeting the needs of the industry. GCs will resolve disagreements between WGs/COPs that cannot be resolved by Information Management Work Group (IMWG) or Architecture Work Group (AWG).

2.2.3.1 Work Group/Community of Practice Establishment

The GCs have the authority to approve the establishment of and disbanding of WGs/COPs.

2.2.3.2 Work Group/Community of Practice Charters

The GCs must maintain a WG/COP Charter process to ensure that:
1. Each WG/COP has a Charter identifying its purpose and scope, and
2. The GCs should review each WG/COP Charter periodically to ensure relevance and accuracy.

2.2.4 Work Product Approval

The processes for developing and approving MISMO Products, including standards and collateral, are detailed in the Development Process Document. MISMO Products are subject to an extensive review process as defined in the Development Process Document.

2.2.5 Work Product Dissemination and Promotion

The GCs will maintain publication processes for releasing and publishing MISMO Products, including standards that:
1. Enable industry participants to monitor MISMO work efforts predictably and easily,
2. Foster the efficient absorption and adoption of approved, released MISMO Products,
3. Make publicly available all approved, released MISMO Standards subject to Terms and Conditions of applicable licenses and payment of any required fees, and
4. Make available all approved, released MISMO Collateral to MISMO Members and Non-Members subject to Terms and Conditions of licenses and payment of any required fees.
2.3 GC Meetings

2.3.1 Regular GC Meetings

Each GC will meet as often as it deems appropriate, but no less than three times per year. Notice of face-to-face meetings must be sent to GC members at least thirty days in advance. Notice of conference calls must be sent at least five days in advance.

2.3.2 Special GC Meetings

A GC sometimes may need to call a “special” meeting outside of its normal meeting schedule to act on a time-sensitive issue. A special meeting, typically a conference call, may be called by the GC chair, vice chair, co-chair, or any MISMO Officer. Additionally, any GC member may ask the chair to consider calling a special meeting. At least two days’ notice of a special meeting is preferred.

2.3.3 Joint GC Meetings

The two GCs may meet together as needed either in person or by conference call. The purpose of the meeting is to discuss issues and make any necessary decisions regarding MISMO as a whole.

The quorum for a joint meeting is the same as for the two GCs individually. Given the nature of the business conducted at joint GC meetings, if either the RSGC or the CSGC do not have a quorum for the meeting, the meeting cannot be held.

The CSGC has the right to request consideration by the Board of specific GC decisions when RSGC members outvote the unanimous vote of the CSGC members on any matter affecting MISMO as a whole.

2.3.4 GC Meetings Conducted in Compliance with IPR Policy and Antitrust Policy

GC meetings must be conducted in accordance with MISMO’s Intellectual Property Rights Policy and MISMO’s Antitrust Policy, which requires the following:

1. Meeting invitees must have access to a draft agenda and the GC chair should approve the final agenda prior to the meeting.

2. Meeting minutes must be recorded by the MISMO Manager and must be reviewed and approved by the GC prior to their distribution in final form.

3. Every GC meeting must begin with a reading of the IPR and Antitrust Policy Disclosure Statement.

4. Every meeting should be conducted in a manner that allows all participants to present their views and for those views to be considered before the GC votes on any actions.\(^{10}\)

2.3.5 GC Meeting Quorums

The presence of a simple majority of the total number of the respective GC (RSGC or CSGC) members constitutes a quorum for voting during meetings or conference calls.

\(^{10}\) MISMO Antitrust Policy, Secs. 3.2-3.
2.3.6 GC Actions

When a quorum is present at a meeting or conference call, an action of the majority of the participating members will constitute an action of the GC.

Additionally, the GC can act if:
1. A majority of the GC members consent in writing (by fax, e-mail, or electronic ballot) to a proposed action,
2. Such action and consent are appropriately recorded, and
3. Notice of the action is provided to all the GC members.
4. The MISMO President, with input from the Board, will decide GC votes that result in a tie.

2.4 GC Member Term of Office

GC members will serve staggered two-year terms, with half of the seats up for election each year. A GC member shall serve until his or her successor has been nominated, qualified and elected, or until his or her earlier resignation, removal, or death.\(^{11}\)

2.5 GC Composition

2.5.5 GC Membership Limitations

A MISMO Member may not have more than one representative on a GC at a time; however, a MISMO Member may have both a Residential and Commercial representative, if appropriate based upon the Member’s MISMO Application form. A MISMO Member may have a representative simultaneously on both the Board of Directors and/or a MISMO committee such as the GC.

2.6 Compensation and Reimbursement of GC Members

GC members serve without compensation or fees and at their own expense. The Board has authority to set policies on reimbursement for extraordinary expenses incurred by a GC member in support of MISMO activities. The MISMO Manager will consult with the President, who shall determine whether to grant expense reimbursement requests within those policies.

2.7 GC Elections

2.7.1 GC Member Nomination Policy

2.7.1.1 Industry Classes

GC members are nominated by MISMO Members through written notice to a MISMO Officer or Designee. A MISMO Member conducting business in both the Residential and Commercial Industries may nominate and vote for candidates for both CSGC and RSGC seats.
2.7.1.2 Industry Categories
A nominee is eligible only for seats corresponding to the Industry Classes in which his or her employer conducts business. Industry Class is typically specified on the nominee’s employer’s MISMO Membership Application form, with the exception of the At-Large seats, which are open to any Member within each Industry Category, regardless of Industry Class.

2.7.2 GC Election Policy
GC elections must comply with MISMO-wide voting policy (Sec. 1.6).

2.7.2.1 Voting for GC Members
1. Ballot Preparation. The MISMO Manager prepares a ballot for all seats that are up for election, specifying the manner of return and election closing date.
2. Ballot Completion. Each MISMO Member is entitled to vote for one nominee per GC seat. Commercial Members may vote only on the Commercial ballot, and Residential Members may vote only on the Residential ballot. If a Member operates businesses in both Industry Categories, it may vote on both ballots. Members cannot vote for persons not listed on the ballots.

2.7.2.2 GC Election Results

GC seats where multiple nominees are running for a single position will be filled with the nominee who receives the most votes.

2.7.2.2.2 Multiple Positions with Multiple Nominees
GC seats where multiple nominees are running for multiple positions will be filled in order with the nominees who receive the most votes until all seats up for election are filled.

2.7.2.3 Resolving Ties for GC Membership
If two or more candidates receive the same plurality of votes for a seat, the MISMO Manager will administer a runoff election. The Manager will prepare and send a runoff ballot to the appropriate set of MISMO Members (either Residential or Commercial). MISMO Members will have six business days in which to cast their tiebreaker votes. If the second election fails to break the tie, the MISMO President will determine which candidate(s) will serve on the GC.

2.8 GC Member Resignations and Removals

2.8.1 GC Member Resignation
Any member of a GC may resign at any time by submitting written notice of his or her resignation to the Chair of the appropriate GC, to a MISMO Officer or to the MISMO Manager. Thirty days’ notice of the resignation is preferred. The resignation will take effect immediately upon receipt of the notice, unless the notice specifies a resignation date.
2.8.2 GC Member Removal\textsuperscript{12}

Any member of a GC may be removed at any time with or without Cause by either:
1. A two-thirds vote of the members of the GC to which the member belongs, or
2. A majority vote of the MISMO Board of Directors.

The member who has been proposed for removal must have an opportunity for a hearing before removal by the MISMO Board or his or her GC, whichever is applicable. The removed member must have an opportunity for an appeal to and hearing by the full MISMO Board after removal.

2.8.3 GC Vacancies

If a vacancy occurs on a GC through the resignation, removal, or death of a GC member, the MISMO Manager will hold a special election to fill the vacancy. If fewer than six months remain in the term, the seat may remain vacant until the following election cycle begins.

2.9 GC Leaders

Each GC defines the duties of its leaders.

2.9.1 GC Leader Term of Office

Each GC Leader will serve for a one-year term. A GC Leader serves until his or her successor has been nominated, qualified, and elected, and until his or her earlier resignation, removal, or death.

\textsuperscript{14} MISMO Bylaws, Art. VI, Sec. 2.
2.10 Ex Officio MISMO Board Directors

Each GC will select and recommend one Ex Officio Director to the Board of Directors for the period of one year. The Board is responsible for ratifying the recommendation. Ex Officio Directors must be GC members. The responsibilities of the Ex Officio Directors include receiving all Board communications, attending and participating in all Board meetings, reporting to the Board on all GC activities and reporting on Board activities to the GC. Ex Officio Directors may not vote in Board matters and do not count toward a Board meeting quorum.\textsuperscript{15}

3 MISMO Committees (Excluding the GCs)

3.1 Committee Overview

The Board may create committees to support, oversee, and work on critical organizational activities. All committees work in concert with the MISMO Officers and the MISMO Manager and report to the MISMO Board of Directors.

3.2 Committee Meetings

3.2.1 Regular Committee Meetings

Each committee will meet as often as it deems appropriate, but no less than three times per year. Notice of face-to-face meetings must be sent to committee members at least thirty days in advance. Notice of conference calls must be sent at least five days in advance.

3.2.2 Special Committee Meetings

A committee sometimes may need to call a “special” meeting outside of its normal meeting schedule to act on a time-sensitive issue. A special meeting, typically a conference call, may be called by the committee chair, vice chair, co-chair, or any MISMO Officer. Additionally, any committee member may ask the chair to consider calling a special meeting. At least two days’ notice of a special meeting is preferred.

3.2.3 Joint Committee Meetings

Committees are encouraged to interact with each other and may meet together as needed either in person or by conference call to discuss issues, plan and make any necessary decisions regarding MISMO as a whole.

The quorum for a joint meeting is the same as for the individual committees.

3.2.4 Committee Meeting Conduct in Compliance with Antitrust Policy

Committee meetings must be conducted in accordance with MISMO’s Antitrust Policy, which requires the following:

1. Meeting invitees must have access to a draft agenda, and the Chair should approve the final agenda prior to the meeting.

\textsuperscript{15} MISMO Bylaws, Art. V, Sec. 19.
2. Meeting minutes must be recorded by the MISMO Manager, and must be reviewed and approved by the committee prior to their distribution in final form.

3. Every committee meeting must begin with a reading of the IPR and Antitrust Policy Disclosure Statement and

4. Every meeting should be conducted in a manner that allows all participants to present their views and for those views to be considered before the committee votes on any actions.\(^{16}\)

### 3.2.5 Committee Meeting Quorums

The presence of a simple majority of the total number of the respective committee members constitutes a quorum for voting during meetings or conference calls.

### 3.2.6 Committee Actions

When a quorum is present at a meeting or conference call, an action of the majority of the participating members will constitute an action of the committee. Additionally, a committee can act if:

1. A majority of the committee members consent in writing (by fax, e-mail, or electronic ballot) to a proposed action,

2. Such action and consent are appropriately recorded, and

3. Notice of the action is provided to all the committee members.

4. The MISMO President, with input from the Board, will decide committee votes that result in a tie.

### 3.3 Committee Member Term of Office

Committee members will serve staggered two-year terms starting on January 1\(^{st}\). One half of the seats on the committee will be open each year. A committee member shall serve no more than two consecutive two year terms or until his or her earlier resignation, removal or death. The Board may choose to waive a committee member term limit, if needed to mitigate loss of critical subject matter expertise required on the committee. Such an action would require a simple majority of the Board.

### 3.4 Committee Membership Limitations

#### 3.4.1 Committee Membership Limitations

A MISMO Member may not have more than one representative on a specific committee at a time.

### 3.5 Compensation and Reimbursement of Committee Members

Committee members serve without compensation or fees and at their own expense. The Board has authority to set policies on reimbursement for extraordinary expenses incurred by a committee member in support of MISMO activities. The MISMO Manager

\(^{16}\) MISMO Antitrust Policy, Secs. 3.2-3.
will consult with the President, who shall determine whether to grant expense reimbursement requests within those policies.

3.6 Appointment of Committee Chair and Committee Members

3.6.1 Appointment of Committee Chair
Committee Chairs are appointed by the Board Chair.

3.6.2 Appointment of Committee Members
Committee Members are appointed by the Board Chair.

3.7 Committee Member Resignations and Removals

3.7.1 Committee Member Resignation
Any member of a committee may resign at any time by submitting written notice of his or her resignation to the Chair of the committee, a MISMO Officer or the MISMO Manager. Thirty days’ notice of the resignation is preferred. The resignation will take effect immediately upon receipt of the notice, unless the notice specifies a resignation date.

3.7.2 Committee Member Removal
Any member of a committee may be removed at any time with or without Cause by a majority vote of the MISMO Board of Directors. The member who has been proposed for removal must have an opportunity for a hearing before removal by the MISMO Board.

3.7.3 Committee Vacancies
If a vacancy occurs on a committee through the resignation, removal, or death of a committee member, the MISMO Manager will notify the Board Chair of the need to appoint a replacement. If fewer than six months remain in the term, the seat may remain vacant until the following selection cycle begins.

3.8 Committee Leaders

Each Committee defines the duties of its leaders.

3.8.1 Committee Leader Term of Office
Each committee leader will serve for a one-year term. Committee leaders may serve two consecutive one-year terms. A committee leader serves until his or her successor has been nominated, qualified and elected, and until his or her earlier resignation, removal, or death.

3.8.2 Committee Leader Removal
Any committee leader may be removed from office at any time with or without Cause by a majority vote of his or her fellow committee members or the Board. Committee leaders have the same right to hearings before and after removal as committee members.
3.8.3 Committee Leader Vacancies

Any unscheduled vacancy of a committee leader must be filled within sixty days by appointment of the Board Chair.

3.9 Ex Officio MISMO Board Directors

Each committee will select and recommend one Ex Officio Director to the Board for the period of one year. The Board is responsible for ratifying the recommendation. Ex Officio Directors must be committee members. The responsibilities of the Ex Officio Directors include receiving all Board communications, attending and participating in all Board meetings, reporting to the Board on all committee activities and reporting on Board activities to the committee. Ex Officio Directors may not vote in Board matters and do not count towards a Board meeting quorum.17

17 MISMO Bylaws, Art. V, Sec. 19.
4 Terms and Conditions

4.1 Policies and Procedures

The following terms govern all of the preceding MISMO Policies and Procedures (P&Ps).

4.1.1 P&Ps Governing Law

Although MISMO is a Delaware corporation governed by the General Corporation Law of the State of Delaware, the validity, construction, and performance of these P&Ps must be governed by the laws of the District of Columbia without regard to any conflicts of laws provisions.

4.1.2 P&Ps Authority

These P&Ps do not create any agency, joint venture, or partnership between MISMO and any other person or entity. Except as specifically provided in these P&Ps, no member or officer of a committee, Work Group (WG), or other MISMO subgroup has any authority to bind or act for MISMO.

4.1.3 P&Ps Waivers

Neither a failure to exercise nor a delay in exercising any right, power, or privilege granted by these P&Ps will operate as a waiver thereof. Neither will any single or partial exercise of any right, power, or privilege granted by these P&Ps preclude further exercise of the same right or the exercise of any other right. No waiver of a provision of the P&Ps is binding unless it is in writing and signed by a MISMO Officer.

4.1.4 P&Ps Benefits

These P&Ps neither create any rights nor provide any benefits to persons or entities that do not participate in MISMO activities.

4.1.5 P&Ps Amendments

These P&Ps may be amended by approval by the Board. The MISMO Manager will solicit feedback on proposed amendments with impacted committee stakeholders prior to submitting recommended changes to the Board for review and approval. Amendments will become effective upon Board approval.

4.1.6 P&Ps Captions and Headings

The captions and headings used in these P&Ps are inserted only as a matter of convenience and in no way define, limit, extend, or describe the scope or intent of any provisions these P&Ps.

4.1.7 P&Ps Severability

If a provision of these P&Ps is rendered invalid, the remaining provisions remain in full force and effect.
4.2  IPR Policy

The intent of this section is to provide an easy to read interpretation of the MISMO Intellectual Property Rights (IPR) Policy. If there are conflicts between this narrative and the MISMO IPR Policy, the MISMO IPR Policy takes precedence. Any questions regarding the IPR Policy should be directed to the MISMO Legal Counsel or the MISMO Manager.

4.2.1 IPR Policy Applicability

If an organization or individual takes part in the MISMO Product development process including, without limitation, making a contribution or participating in meetings in person, by telephone, Internet, or e-mail, the organization or individual will be bound by the applicable IPR Policy.18

4.2.2 IPR Policy Effective Dates

All MISMO Members and Non-Members who participate in MISMO activity are subject to MISMO’s IPR Policy.

- Activities related to MISMO Products published prior to January 1, 2018 are subject to MISMO’s IPR Policy Version 1.2 that was approved by MISMO’s Board of Directors and adopted by the Governance Committee (GC).
- Activities related to MISMO Products published on or after January 1, 2018 are subject to MISMO IPR Policy Version 2.0 that was approved by the MISMO Board of Directors and adopted by the Standards Governance Committees (GC). This IPR Policy is effective January 1, 2018.19

The discussions below in Section 4.2.3 describe terms of both versions of the IPR Policy unless a divergence between the versions is noted.

4.2.3 Patent Rights Disclosures

4.2.3.1 Definition

For purposes of these P&Ps, the term “Patent Rights” is defined in the IPR Policy as: all patents and patent applications (for unpublished patent applications an identification of the portion(s) of the MISMO Product applicable to the application) that such Participant owns that would be infringed by an organization that makes, has made, uses, sells, offers for sale, or imports a product or service using or compliant with that MISMO Standard by virtue of its product’s or service’s use or compliance with the MISMO Standard. Other capitalized and underlined terms used in this Section 4.2 without definition have the meaning given them in the IPR Policy. The IPR Policy may be found at www.mismo.org

18 IPR Policy, v1.2, Sec. 1.
19 Activities related to Version 3.5 of the MISMO XML Reference Model will be grandfathered under Version 2.1 of the MISMO IPR Policy.
4.2.3.2 Disclosure Requirement
For as long as a MISMO Member or Non-Member takes part in MISMO, it is obligated to disclose its Patent Rights for each MISMO Product it has exposure to through Work Group (WG); COP; or other MISMO activities or votes to which it contributes. MISMO will issue reminders to submit or update disclosures from time to time.

4.2.3.3 Patent Rights Disclosure Applicability
If a MISMO Member or Non-Member refuses to grant the Royalty-Free License to its Patent Rights for a particular MISMO Product, this refusal will be effective only if the subject Patent Rights are documented in the Patent Rights Disclosure provided to MISMO by the MISMO Member or Non-Member. Any undisclosed Patents Rights will be subject to the Royalty-Free License. A refusal to grant the Royalty-Free License will not affect MISMO Distributor Licenses, Work Group Licenses, or End-User Licenses previously granted by the MISMO Member or Non-Member under the IPR Policy.

4.2.3.4 Patent Rights Disclosure Availability
MISMO may maintain and make available to MISMO Members, Non-Members and End-Users, on written request, copies of patent disclosures made pursuant to Sec. 6 of MISMO’s IPR Policy Version 1.2 dated May 14, 2004 and to Sec. 6 of MISMO’s IPR Policy Version 2.0 dated November 16, 2017.

4.2.4 No Obligation to Use Contributions
Nothing in these P&Ps or the IPR Policy obligates MISMO to use a Contribution furnished by a MISMO Member or Non-Member in a WG meeting or otherwise in connection with the development of a MISMO Standard. MISMO is not under any liability for any claim for loss of publicity or opportunity to enhance the reputation of a MISMO Member or Non-Member, in spite of the fact that MISMO may discontinue use of the Contribution or the involvement in MISMO of the MISMO Member or Non-Member.

4.2.5 Right to Modify MISMO Standards
MISMO may choose whether to modify a proposed or adopted MISMO Product or to refrain from adopting a MISMO Product when it believes that any necessary intellectual property rights are not available under a Royalty-Free License.

4.2.6 Discretion
Wherever an action is optional for MISMO, such action will be at the sole discretion of MISMO.

4.2.7 IPR Policy Amendments
Minor changes that do not materially affect any substantive rights or obligations of MISMO Members or Non-Members are not amendments and may be taken by MISMO at any time.

---

20 IPR Policy End-User License, v1.2, Sec. 7.
The Board may amend the IPR Policy periodically, if the MISMO Members and Non-Members have had a reasonable opportunity in advance to:

1. Review and submit comments on the proposed amendment and
2. Withdraw from MISMO and cease acting as a MISMO Member or Non-Member within thirty days of the publication date of an amendment it does not find acceptable.

The effective date of any such amendment will be specified in the amendment. If a MISMO Member or Non-Member withdraws from MISMO it will be bound solely by the version of the IPR Policy in effect upon its withdrawal.

4.2.8 Effect of Withdrawal

Each organization or person that totally withdraws from MISMO, refuses to agree to the IPR Policy or is removed from MISMO for Cause is responsible for removing itself from participation in MISMO and refraining from participating in other MISMO activities. MISMO may also block that organization or person from access to various MISMO communication platforms (e.g. MISMO Connect). Further, any such organization will submit to MISMO a copy or a detailed written description of all information or materials that it provided to MISMO in writing that contain Patent Rights belonging to such organization that such organization does not want MISMO to continue to use in its standards development process, which submission must be delivered by the organization to MISMO within sixty (60) days of its withdrawal. MISMO may continue to use in its standards development and maintenance processes any such information or materials provided by such organization that are not contained or described in such submission or that have already been included in completed Work Products.

The obligations of the IPR Policy shall survive and continue in force and effect until the date of and organization or individuals’ total withdrawal or removal from MISMO pursuant to these P&Ps. Participant’s obligations with respect to the MISMO Licenses, the MISMO Work Group Licenses and the Royalty-Free Licenses granted by Participant under the IPR Policy survive any such withdrawal or removal and continue thereafter in full force and effect.

4.2.9 MISMO Notices

4.2.9.1 MISMO Product Notices
MISMO will include the appropriate product notice in each official publication of a MISMO Product. The official product notice language can be found in the applicable IPR Policy narrative.

4.2.9.2 MISMO End-User Product Acknowledgement
MISMO Members or Non-Members who use MISMO Products in their products or technology will include the appropriate acknowledgement that their product is MISMO based.

4.2.9.3 MISMO Distributor License Holder Required Notifications
MISMO Members or Non-Members who are Distributor License Holders in good standing are required to make commercially reasonable efforts to encourage end-users to register as MISMO Product users and use appropriate language that states their technology or product uses MISMO Products when they use MISMO.
Products released on or after January 1, 2018 under Version 2.0 of the MISMO IPR Policy.

4.2.10 MISMO IPR and Antitrust Policy Statement

4.2.10.1 Antitrust Policy Acknowledgement
As per the MISMO Antitrust Policy, each MISMO meeting must begin with an acknowledgement of MISMO's antitrust policy.

4.2.10.2 IPR Policy Acknowledgement
As per the MISMO Intellectual Property Rights Policy, each meeting of a GC, Work Group, Community of Practice, GC related forum or sub-committee, and the Board of Directors, must begin with an acknowledgement of MISMO's IPR Policy.

4.2.10.3 MISMO IPR and Antitrust Policy Acknowledgement Statement
The following MISMO IPR and Antitrust Policy Statement must be read at each meeting to acknowledge the MISMO IPR and Antitrust Policies:

“This meeting is governed by MISMO’s Intellectual Property Rights and Antitrust Policies, which are posted on the MISMO web site at www.mismo.org. If you have any questions about these policies, please call 202-557-2880 and ask to speak to the MISMO Manager, or send an email to info@mismo.org. By participating in this meeting, you are agreeing to be bound by these policies.”
